

CELLULAR AND MOLECULAR BIOLOGY™

INSTRUCTIONS FOR AUTHORS for ONLINE "general papers" PUBLICATION

**AS WE OBSERVE LESS AND LESS RESPECT OF THE *INSTRUCTIONS TO AUTHORS*,
FROM JAN. 1, 2004 ON WE ARE OBLIGED TO TAKE SEVERE DECISIONS :
AN ACCEPTED PAPER NOT RESPECTING OUR RULES, WILL BE REJECTED,
OR WILL BE IMMEDIATELY INVOICED FOR EXTRA PUBLICATION COSTS (100 EURO OR 125 US\$ / HR)**

Aims and Scope

*The journal publishes original papers, notes, letters to editor, comments and reviews in the interdisciplinary science of cellular and molecular biology linking and integrating **molecular biology, biophysics, biochemistry, enzymology, physiology and biotechnology** in a dynamic cell and tissue biology environment, applied to human, animals, plants tissues as well to microbial and viral cells. The journal Cellular and Molecular Biology is therefore open to **intense interdisciplinary exchanges in medical, dental, veterinary, pharmacological, botanical and biological** researches for the demonstration of these multiple links. Any paper in our field may be accepted after severe peer reviewing.*

A/ Publication Form

All "general" papers (regular papers, Comments, Letter to Editor, Notes, etc..), devoted to any of the above fields, will be published online. Each paper will receive a DOI (Digital Object Identifier) number. A yearbook will be printed at the end of the year containing the online papers.

B/ Peer Reviewing

All papers will be peer-reviewed. The Author himself searches his own Peer Reviewers (PRs), but has to follow *precise indications*, staying in contact with them until the end. Each paper needs the acceptance by 2 PRs. *One of these PRs should be obligatorily from USA. Do NOT refer to scientists from your own institution, laboratory, faculty or university. Their complete addresses, titles and speciality(ies), their phone, fax and e-mail should be indicated on the back of the evaluation sheet* (as PDF file available on our site). After acceptance by 2 PRs, the paper should be send to the Editor-in-Chief. He reserves to himself full liberty to take a 3d PR of his own choice. Contact the Editor-in-Chief when you have problems to find your PR's.

C/ Method of Submission

Authors should submit their manuscript on a disk or CD-Rom, AND as a paper-printout.

D/ Support and Submission

The disk or CD must include one word processor file with the final accepted *complete text* and *cover sheet*. All figures on a separate CD or disk, in TIFF, JPEG or EPS format. ZIP disk 100 acceptable. **Burn CD in format hybride !**

The paper-printout must contain: one set of the complete final accepted text, references, figure legends, tables; original and high quality figures; cover sheet; all original evaluation sheets (no copies); full and complete names and addresses from all PRs; a statement indicating all changes made after peer review; the completed and by all authors signed "online checklist" (as PDF file available on our site). Evt. written permission(s) for figure(s) reproduction. E-submission may be done, but **always** a paper-printout and original figures, as detailed above, should be sent.

Make sure the final word processor file corresponds **exactly** to the accompanying final accepted printout. If different, the disk/CD version will be used!

E/ Cover Sheet

F/ Order of Manuscript

One word processor file should include the complete manuscript elements in the following order:
